

SAUCES

FLAVOR THAT DEFINES.
Quality that lasts.

Over 60 premium sauce varieties
crafted for professional kitchens.
Consistent taste. Trusted quality.
Endless possibilities.

sauces

Mudanya Gıda was established in 2015 as a family-owned company with the aim of meeting the needs of professional kitchens at the highest quality standards. Since its foundation, the company has operated in line with the principles of consistent quality, sustainable supply, and operational reliability.

With the awareness that sauce is one of the most critical elements defining the identity of a dish, we develop high-standard, consistency-guaranteed products for restaurants, hotels, cafés, chain businesses, and industrial kitchens. Today, with more than 60 varieties of sauces, we are positioned as a strong supplier offering tailored solutions for different culinary disciplines and usage scenarios.

Our production processes are planned based on hygiene, traceability, and quality control principles, while our raw materials are sourced from carefully selected suppliers who share our standards of naturalness and reliability. Products offered under the JOE REST brand are formulated and produced to ensure consistent taste quality in every service within professional kitchens.
